RIVER-SAFE

Visionary Growers, Makers, and Businesses.

Our sustainable agricultural practices promote clean, swimmable, fishable rivers.

Sun and Soil Farm

Madison, NC

We are a 1/4 acre farm located in Madison, NC and follow no-till, no-spray organic practices. We offer seasonal vegetables, fruits, greens & flowers. We love to try new specialty crops like roselle hibiscus, bitter melon, myoga and walking onions, and some of them have now become part of our crop rotation. We try to have something interesting and exciting on our table each week at the farmers market.
