# RIVER-SAFE

Visionary Growers, Makers, and Businesses.

**Our sustainable agricultural practices promote clean, swimmable, fishable rivers.**

# **Broken Bones Farm**

## **Stoneville, NC**

**Working in balance with the land**  
**Broken Bones Farm** emerged from our connection to the land and to each other. From our first date in 2009, hiking 700 miles on the Appalachian trail together, to Jenny's time working on an apple orchard in New Hampshire, and Lilly's experience farming livestock, vegetables and flowers in VA and NC, we knew the outdoor life was for us.
